

의존성이 걸린 패키지가 좀 있습니다.  
그 부분은 미리 해결해야 합니다.

```
pip3 download hotdoc
tar -xf hotdoc-0.17.4.tar.gz
cd hotdoc-0.17.4
patch -Np1 -i hotdoc-0.17.4-cmake4-and-gcc15.patch
pip3 wheel -w dist --no-build-isolation --no-deps --no-cache-dir $PWD
sudo pip3 install --no-index --find-links dist --no-user asciidoc
```

```
